

Nursery News

15.02.19

This week in Nursery...

In family group we have been finding out all about polar bears. The children have been playing games to identify different sounds and hear the initial sound in words. In maths the children have been practising their number recognition and counting. Some of the children have been added two numbers together using the numicon. The children were also able to explore some ice and talk about how it feels.

After half term in Nursery...

Our new theme will be 'People who help us'. We will also be finding out about different types of vehicles.

Homework

The children have brought home their blue home learning books. The children can record something in their book that they do during the half term break. This might be a drawing, writing, photographs, bus/ train tickets or leaflets from places you have visited.

Thank you

Reminders

School is closed for next week for half term and Monday 25th February (inset day). School reopens on Tuesday 26th February.

Please ensure all items of clothing are labelled as this helps us to ensure the children have the correct items, this is particularly important for jumpers and cardigans.
